Talk/Slide  
Show:  
Movie Car  
Designer  
Nick Pugh

Saturday, August 25, 2018  
7:30 PM – 9:30 PM

[Google Calendar](#) · [ICS](#)

Gilmanton artist Nick Pugh creates vehicles for the movie industry. He designed futuristic circa 2030 cars for the 2017 neo-western, *Logan*, and his current projects in production are *Ad Astra*, *The First*, and *Star Wars EP9*. He'll talk about vehicles of the future and the process of building movie cars and will also briefly discuss his paintings and architecture projects.

Earlier Event: August 4  
Talk Slideshow: Visual Artist Alaiyo Bradshaw

Later Event: June 29

**Nick Pugh**

October 5, 2020 · 🌐

Spark Of Creation, Nick Pugh, 2020. Steel, recycled fence posts and paint. This is the first in a series of sculptures I am working on that explore the relationship between man and nature. It represents the moment of creation; the big bang, our location in the universe (Pioneer 10 map, 1972) and the creative instant when a new idea is conceived in our mind. Placed on property in Gilmanston NH, look for it on RT 107, left side about a mile south of the corners!

**Sarah Wilken**  
Saw this as I drove by the farm on the way to hippotherapy with the girls. It was unfinished at the time, so all I saw was a giant spiky metal thing behind the barn. I couldn't for the life of me figure out why it was there 😂😂. Now it makes sense.
