We the subscribers Chosen by the proprietors of
a Committee to draught an explanation of the prop
Book & have Carefully Examined the said Book
and papers belonging to the said proprietors and ha
out a list of all the names ~~is~~ entered in the schedule
have entered all the Lots that are already drawn by
the Names of the original Proprietors as they stand enter
in said Book Excepting where two Persons have draw
one Lot we have entered the Lot to him that drew
first and where one Person has drawn two Lots when
he should have drawn but one we have entered to him
the first draught. and we Explain the mistakes found
in the draught of Lots as follows (viz) the Lot number
forty one in the fourth range in the second division of
forty acres was drawn by Richard Hilton, and after
Entered Personage Lot which Lot we judge ought to be
held by Richard Hilton, and the Personage Lot to be
numbered forty three in the third range in said division
and the Lot number forty two in the fourth range in
second division of forty acre Lot, was drawn by John
Odiorne Jun^r and afterwards entered minister Lot which
Lot we judge ought to be held by John Odiorne Jun^r
and the minister Lot to be number forty three in the
fourth range and the twenty second Lot in the third
range of Lower Hundred acres among the settlers Take
up by Ebenezer Smith on the original Right of Benjamin
Jambling and afterwards drawn to the Right of Joseph
Hall which Lot we judge ought to be held by Ebenezer Smith
and Joseph Hall have another draught and the Lot number
thirty two in the fourth range second division of forty
was drawn by Caleb Gilman, and Moses Norris and
by the Book that Caleb Gilman drew first and we judge
Moses Norris ought to draw again, and Alexander May
drew first and second division in said town, and as his name
is not to be found in the schedule we judge he had no Right
to draw and so ought not to hold any Land by said draught
and the thirty sixth Lot in the third range second div
of forty Acres drawn by Joseph Sinclair and Robert Smart
and it appears by the Book that Joseph Sinclair drew first
and ~~that~~ we judge that Robert Smart ought to draw again
and as there is four forty Acre Lots drawn on the Right
John Plaisted we judge he ought to hold the first
which is Number twelve in the second range in the
Division of forty acre Lots and Number six in

^b
range in the second division of forty acre Lots
and that the other two drawn on said right belong
to the proprietors and that Cornelius Connor and Moses
Lewitt drew both one hundred acre Lots (113) number
four in the sixteenth range and it appears by the Book
that Cornelius Connor drew first and we judge he ought
to hold it and that Moses Lewitt draw again, Oliver
Smith drew number six in the eight Lots hundred
Acres which appears to have been voted to Orlando
Sargeant and Timothy Barnard before and we judge
that Smith ought to draw again, and as there is four
one hundred acre Lots drawn on the right of
William Odiorne we judge he ought to hold the two
first which appears by the records to be number fifteen
in sixteenth range and seven in the Eleventh range and
that the other two belong to the proprietors and
as there is four forty acre Lots drawn on the right
of Samuel Hilton, we judge he ought to hold the two
first which are number ten in the third range in the
first division of forty acre Lots and number nine in
the fourth range second division forty acre Lots and
that the other two belong to the proprietors and
Samuel Elkins a settled right took up twenty in
the second range lower division of hundred acres at
number fourteen in the upper part and afterwards
drew two Lots more which last two Lots we judge
he ought not to hold and that they belong to the proprietors
and that John Tulsom Jr drew a Lot number eighteen
in the third range in the first division of forty acres
and as his name is not in the schedule we judge
said Lot belongs to the proprietors and that Jeremiah
Coffe drew a Lot of one hundred acres number
five in the eight Lots among the settlers which
Lot appears to have been disposed off before by
the proprietors to Aaron Clough and we judge the
said Clough ought to hold it and that said Coffe have
another draught and the Lot number 25 in 3 range
in the second division of forty acres which stands
entered to Peter Coffin, we judge should have been entered
in Eliphelot Coffin, as Peter Coffin's name is not in the
schedule and as he the said Peter owns the original

7
1 Capt William Whipple drew on the original list
of William Perkins the Lott number twelve in
second Range of forty acre Lotts second division, and
said Perkins name is not in the schedule we judge
Lott belongs to the proprietors Josiah Hall got the
Lott number 23 in 3^d Range first division forty acre
and as his name is not in the schedule we judge
Lott belongs to the proprietors and as there is two for
Acre Lotts drawn in the second division, to the right
John Samborn, and it appears by the book that No. 25
1st Range was drawn first and we judge the other
belongs to the proprietors
