Gentlemen:

In compliance with Chapter 98 Revised Laws of N. H.
1942 on Page 387

We the undersigned hereby petition the towns of
Belmont and Gilmanton respectively to repair South
Road from Route 106 to road leading to South Road
Cemetery.

The road is full of ruts and holes dur to mud
season and the bridge by the Merrimack Fish and Game
Club has no railing on one side and is dangerous.

We live here the year round and could not get up
to our homes during the mud season

Mrs Dole is under the doctors care and it was
impossible for the doctor to get up here at one
time last winter. He had to leave his car down
near Mr Maltis'es home and walk up 3/4 of a mile.

Very truly yours,

Fred S. Dole
Ralph M. Dole.
